Old Business.

- Bills from Field Day were reviewed and approved for payment. (Fuel, hot dogs, water, paper towels, plasticware, and caution tape).
- Tim, AA4SS reviewed Field Day. Just a bit under 1000 contacts were made for Field Day. Close to 75 to 85 percent of membership show up sometime during the event. Logs have been submitted to the ARRL with supporting documents. 3,773 total points (which includes bonus points for under 150 watts, emergency generator, newspaper article, public display, kids that operated, public place). The Kmart manager was very receptive. Before the on-the-air activity began, a test session was held with two upgrades. The fire department wanted to know why we didn't contact them for the use of their ladder truck. They can make this down as training. The beam antenna that was being used for the digital station was acting up. The SWR kept spiking and prevented many contacts from being made.

New Business
